## Pennsylvania Auto Theft Prevention Authority

# 25 YEARS

# OF AUTO THEFT PREVENTION

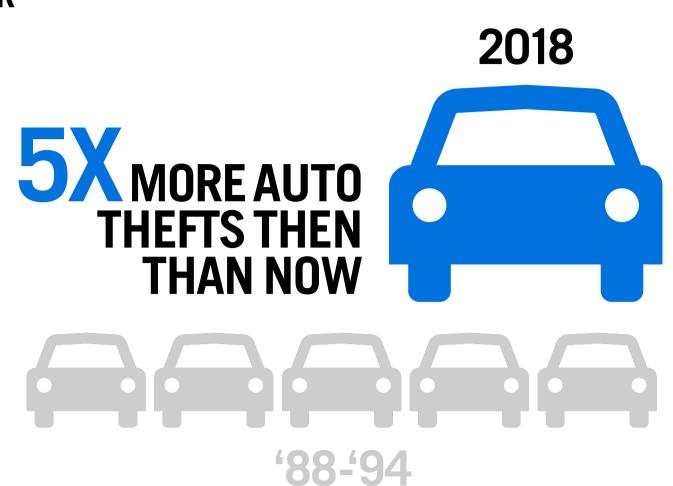

For 25 years, the mission of the Pennsylvania Auto Theft Prevention Authority (ATPA) has been to prevent, combat, and reduce automobile theft; and to improve and support auto theft law enforcement, administration, and prosecution. ATPA's efforts have proven successful—shown in the steep decline of vehicle theft over decades, the significant work of our network of law enforcement partners statewide, and the return on vehicles and parts recovered since inception.
